## ***Two Day Preschool Early Language and Literacy Training***

---

**Center for Improving the Readiness of Children for Learning and Education—University of Texas Medical School**

The CIRCLE Two Day Teacher Training is based on the most recent scientific research and meets the needs of adult learners. This training is interactive and provides fun, hands-on activities, which teachers can immediately take back and implement in their classrooms. Each participant receives a manual containing resources Preschool teachers or literacy specialists need to help promote early language and literacy development in young children.

Early Language and Literacy Training components include:

- Best Practices
- Language Development
- Letter Knowledge
- Phonological Awareness
- Written Expression
- Read Aloud
- Math
